### MGM ROAD SHOW COMING SOON TO ORTE THEATER

"The Stars Look Down," deeply moving story of the people of a mining village and their struggle to live, of women who wait while their men work under peril far below the earth; and the titanic drama of a mine disaster, is Metro-Goldwyn-Mayer's latest release from England, whence came "Pygmalion," "The Citadel," "Goodbye Mr. Chips," and other recent hits. Adapted from the novel by A. J. Cronin, who wrote "The Citadel," it provides thrills and thundering drama, against which is played the love of an earnest Oxford student for a selfish but beautiful girl who all but ruins his career.

There are many high dramatic moments which take the mask off life, the strike of the miners, their riot when, starving, they raid the butcher store, the arrest of the elder Fenwick, the younger Fenwick's dramatic appeal to the miners not to give up their strike, his debates at Oxford in their interest, the desertion of Jennie by Joe Gowan, the marriage of Fenwick and Jennie and their subsequent struggle for existence, the discovery of the plot to reopen the dangerous mine, the dramatic appeal to the union, the terrifying climax, where tons of water engulf the men underground, and the dramatic moments of those trapped in the pocket, who take sing and pray, waiting for the end.

## JUNIOR SENATOR FROM MISSISSIPPI GIVEN RECOGNITION

Selected to Serve on Subcommittee to Handle Strike Legislation in Senate.

Senate Bill No. 2054, introduced in the Senate by Senator Connally of Texas, relating to the present strike situation, was referred by special order to the Senate Judiciary Committee, consisting of 18 members.

Senator Doxey of Mississippi has been assigned to this important Judiciary Committee of the Senate, and is one of the five members of the committee selected as a sub-committee to conduct hearings and make a thorough investigation of the all important strike situation that is facing the country.

Hearings on this bill are scheduled to begin Friday morning, November 21.

The sub-committee is composed of three Democrats—Senator Connally of Texas, Senator Hatch of New Mexico, Senator Doxey of Mississippi; and two Republicans—Senator Austin of Vermont and Senator Burton of Ohio.

These five Senators bear the responsibility of this legislation in the Senate Committee and will have charge of steering it to final passage through the Senate.

Senator Doxey had planned to attend the meeting of the Mississippi Farm Bureau Federation at Jackson, Mississippi, on November 20th, and had expected to speak at the banquet of the Big Four Railroad Brotherhood Association at Meridian, Mississippi, on November 22nd. However, the hearings to be conducted in Washington by his committee on this important strike legislation will prevent Senator Doxey returning to Mississippi any time soon.

## BAY REPRESENTATIVES LOCAL LIBRARY GO TO STATE ASS'N MEETING

Mississippi Library Association at Biloxi Has Splendid Program.

The Mississippi Library Association met at the Buena Vista Hotel in Biloxi on November 13-15.

Miss Louise Crawford, supervisor Hancock County Library, and Miss May H. Edwards, assistant librarian, attended the opening session on Thursday night.

Very stirring appeals for support of libraries were made by Miss Pearl Sneed, chairman, State Library Commission, Jackson, who brought out the point that there could be no better defense than the inner defense of knowledge. Miss Sneed said in speaking of the financial side of libraries: "It is said that we should reach, 'Should we? Is higher education, good reading, 'knowledge enemies to dictatorship?'"

Mr. McCain, director, Department of Archives and History, Jackson, stressed publicly as a means of getting assistance for libraries. He pointed out the value of keeping the library before the public by personal contacts as well as through the press.

In speaking, Miss Bethel Fife, State supervisor, Library Extension Project, Jackson, gave an interesting resume of work done by the W. F. A. libraries.

Mrs. J. Roland Weston, Mrs. H. Grady Perkins, Miss Crawford and Miss Edwards attended the "Book Dinner" on Friday night at which Mr. McCain presided and the guest speaker was Harry Lee, author, whose talk was interspersed with witticisms which kept his listeners highly amused, and his speech was direct and forceful and left his audience glad to have heard him.

## LITTLE PROSPECT.

THE arrival of Saburo Kuru, Japanese diplomat, in this country, is not expected to alter the hard facts that make it impossible for the United States to give in to Japanese demands in the Far East.

The Japs loudly proclaim their desire for peace but they make it perfectly plain that it is to be a peace, after Japan has gotten what she wants, without regard to the rights of other nations.

The pressure of economic sanctions threatens to weaken Japan and the Tokyo statesmen are smart enough to know that they must fight now, before the best terms that they can secure.

It is hard to believe that the Japs have any idea of abandoning their ambitious plans for a new order in the Far East and admitting that their immutable principles are definitely muted.

## HERE'S AN AMERICAN.

STEVEN Ryan is an American watch-maker of Connecticut who arrived in the United States two years ago.

The other day, he celebrated the second anniversary of his entrance "into this land of the free" by donating a week's salary to the defense program.

The Armenian, after being mistreated in other sections, appreciates the freedom that Americans take in a careless stride and expressed his gratitude for the liberty he enjoys by making a cash offering to the nation that accepts him.

His example should remind Americans of the great blessings that they have enjoyed, almost without effort, in the United States and make them more determined than ever to defend the heritage that has been their gift.

## ANOTHER "NEW" WEAPON.

THE British have a new sea weapon, according to an Associated Press dispatch, recently received from London; which adds that "most higher-ups" deny knowing about it.

A foreign report asserted that the British are filling depth charges with an explosive forty-seven times more powerful than TNT. This also has been confirmed by the British.

We are a bit wary of secret weapons, of which there was much talk in the World War of 1914-1918. None of them ever came to light on the battlefield. The same result will be observed, most likely, in respect to the presently reported new weapon.

## A SENSIBLE MOVE.

THE withdrawal of American Marines from Shanghai, Tientsin and Peiping, China, seems to be indicated by the growing danger of an armed clash in the Far East.

The few Americans in these garrisons would be helpless in the event of hostilities. There is no reason to leave them to be slaughtered if war comes.

## HONORS FOR SENATOR DOXEY.

SENATOR Wall Doxeys from Mississippi has been appointed a member of an important judiciary committee of the Senate, being selected as one of the five members to conduct hearings and to make a thorough investigation of the all important strike situation that is facing this country.

The appointment of Q. Edward Gatlin, as state director of the WPA in Mississippi has been confirmed and Mr. Gatlin took over the duties of the office on last Saturday, the 15th instant. Mr. Gatlin's home is in Laurel and he is a native of Jones County. He is well-educated and has had experience along several lines of public service, including the banking business and teaching in a business college and was for a while connected with relief work in the state. For the past several years he has been connected with the State Board of Health. Mr. Gatlin announced before taking up the duties of his new position that he would devote himself unselfishly to the policy of rendering efficient service and keeping the WPA out of politics.

Some wives are like fishermen. They think the best got away.

Traffic regulations, rigidly and impartially enforced, will help save lives on the streets and highways.

Sympathy is excellent as far as it goes, but it takes cash contributions to fill empty stomachs and warm cold bodies.

Newspapers of the State are contributing considerable space to the Red Cross Roll Call drive. No newspaper could appropriate space to a more humane and better objective. Their devotion to the cause is commendable and noteworthy.

Hancock county should respond one hundred per cent to the Red Cross roll call; every man and woman should join this great organization or service, in time of war and also, in time of peace.

A new oil well has been brought in south of the Hickory field just over the line in Madison County. The well makes a good showing of 41 gravity oil, though it is not fully completed yet. Oil people are undecided whether it is a new field or simply an extension of the Hickory field, but in either event it means more oil for the state.

## THE IMPORTANCE OF YOUR NEWSPAPER.

COMPLETE files of The Sea Coast Echo are kept for reference in various sections of the State, the Library at Washington and elsewhere. And in the courthouse at Bay St. Louis and the city as well.

A letter received by The Echo this week from Director William D. McCain, of the Department of Archives and History, State of Mississippi, asks for missing copies to complete the State's files. We quote the closing paragraph of the letter:

As you know, our newspaper files are bound for permanent preservation. The Sea Coast Echo files in this department furnish one of the best sources in existence for students seriously interested in studying Hancock county history and we are very anxious to keep these files complete.

Hence, it will be seen the home newspaper is not a frivolous sheet nor one for adverse criticism nor for personal aggrandizement, but to serve for constructive purpose. To serve as a source of information and to carry the news but for any other purpose but to serve.

The Golden Jubilee number of The Sea Coast Echo will furnish students an almost inexhaustible fund of local history in addition to other data, including sketches, observations, references, etc.

## DEVELOPING HANCOCK COUNTY'S RESOURCES.

By no means of least importance is the development of resources of Hancock county. We note that some time back the Hancock County Gravel Company was organized and has been active in development of this, one of the county's natural resources. And be it said to the credit of the gentlemen who are converting the product of the soil into wealth, even though the amount be limited, they have created an industry and are giving labor to many.

And now far-seeing men of the community have organized a stock company for the development of dairying and planning to build a creamery that will bring untold dollars to the community by creating a new and vast business. Such men are truly the big men of the county. They do things by developing natural resources and not only affording labor and new industry but contributing to the economic welfare of every man, woman and child in Hancock county.

## BRO. PETER'S CHRISTMAS TREE.

FOR worthiness and genuine charity and happiness no event for the Christ season makes for more than Bro. Peter's Annual Christmas Tree, given in Bay St. Louis for the children of all denominations, regardless of color or condition. All that is required to participate is, that children be of that number that would otherwise be deprived of the joy that comes at this particular season when toys and kindred things mean so much.

This is Bro. Peter's great gift to the children of the community. He gives it his individual time and attention and though a busy man, he personally directs detail. With the co-operation of others he is able to raise sufficient funds for this undertaking. Already he has started the ball rolling, so to speak, and the football benefit, all-star cast, to be played at Biloxi December 7, under auspices of Knights of Columbus of Bay St. Louis and Biloxi, promises to bring forth the realization of the most sanguine hopes.

## IT'S YOUR RED CROSS

THE annual Roll Call of the Red Cross offers Americans an opportunity to become associated with an organization that serves human beings in their direst need.

Whether in war, or in peace, the stricken are succored. It is an amazing undertaking, made possible because average Americans, like those of us in Hancock county, contribute relatively small sums to keep the work going.

Naturally, at this time the war work of the Red Cross receives much attention. Thousands of volunteer workers, all over the United States, are busy preparing garments and bandages, to be used by those afflicted by the grim spectre of war. Others serve as the ministering hands to carry aid to suffering individuals.

It is not permitted for us all to do the actual work of the Red Cross, whether in war or in peace, but it is our privilege to take part in the labor of mercy by providing our share of the money that is necessary in the continuance of this great service to mankind.

## NO APOLOGY FOR WAR STUFF.

NO newspaper editor need apologize for expatiating upon the issues involving the United States as it faces a critical decision in regard to the great war that threatens to engulf the entire world.

There may be important matters for the editorial mind, such as the outcome of Saturday's football games, the resurgence of ping-pong, and such other slush, but the war threatens not only our liberties and the lives of our young men but even the normal procedure of profit-making.

The outcome of the struggle in Europe will probably shape the course of the world and the development of mankind for hundreds of years. It challenges every person to combat for their idea of civilization and threatens destruction to the losers beyond comparison with more recent wars.

## NO PIKER.

THE honorable Joseph Stalin is no piker! He says that Russian losses of 350,000 killed and 1,358,000 wounded and missing do not compare with the German losses, 4,500,000 men, dead, wounded and captured since June 22.

The Soviet leader is probably talking for the benefit of his own people, just as Hitler exaggerates for home consumption, and for the same reasons.

Military experts are almost unanimous in the belief that Russian losses have been heavier than those of Germany, but one thing can be said of Stalin, he promises Adolf a fight to the finish, with some evidence of confidence that it will be Germany's finish.

## Congressional Sidelights

by Congressman Wm. M. Colmer

### Price Control

THE Banking and Currency Committee has requested a rule on the price control bill and the legislation will likely come up for consideration very soon.

The farmer is very well protected under the measure favored by the committee. Before the Price Administrator can fix a ceiling on agricultural prices, they must be higher than 110 per cent of parity as determined by the Secretary of Agriculture, using the years 1909-1914 as a basis, and higher than they were October 1, 1941, and higher than the average during the period 1919-1929. This places three floors under agriculture and will save the farmers that their prices will not be touched until cotton exceeds 21 1/2 per pound; potatoes \$1.24 per bushel; chickens 21 cents per pound; butterfat 44 cents per pound; and other commodities in proportion. Then, as the price of everything else goes up, the farmers' prices are tied to them and will go up accordingly.

The fact that the farmer is so well treated under the proposed bill is causing considerable opposition in some quarters, and it is still uncertain as to what form the bill will finally take. Wages, which largely control the price that the farmer must pay for manufactured goods, are not included in the bill, and the representatives of agricultural sections mean to insist that the farmer is also taken care of in some way. The whole question of price control is, as is readily seen, so highly controversial and revolutionary among our people that it is difficult to predict just what will happen. It is our thought that unless the farmer is protected and given the opportunity to reap some benefit from these increased prices, after years of starving prices, it will be very difficult for the legislation to be passed.

### Neutrality Repeal

It will therefore be seen that congress, after knocking along rather methodically for the past several weeks, is now engaged in some of the most momentous and highly controversial issue which could possibly be considered. The House has just completed action upon the Senate amendments to the Neutrality Repeal Bill. It will be recalled that when the President sent his message down to Congress asking action on this question he only definitely asked for authority to arm our merchant ships. During the debate in the President's bill some of the President's opponents pointed out that this was merely subterfuge and that when the bill got to the Senate other amendments would be added repealing the embargo upon our ships going into the combat zone. This was denied by the House Administration leaders and by important persons in the Department of State, and the House passed the bill, amending the merchant ships by a majority of 121 votes. But when the bill got over to the Senate these Senate amendments were offered and adopted by a margin of seven votes. The bill, then came back to the House for concurrence in or rejection of the Senate amendments. After two days of debate, in which the Administration used all of its force and vigor for the passage of the bill, the House voted for the bill by a margin of 48 votes. This was a most exciting moment when the House voted because of the conviction of many members that it meant war, and the issue was not decided until the second roll call and only after both Speaker Rayburn and Majority Leader McCormack had appealed in fervent pleas to the House membership, and after the speaker had read a letter from the President pledging that action would be taken to stop the strikes.

The die is cast. America faces active and immediate participation in a shooting war. It is up to the American people to solidify themselves into one fervent patriotic block and proceed with all haste and fervor to meet actual warfare against a powerful Germany, already fully prepared and equipped. Even more than that, it is highly possible that America may have a fight on two fronts, both on the Atlantic and the Pacific. My God give the American people the power to realize the seriousness of the situation and to prepare to meet it.

### LIBRARY NOTES.

There was a large crowd out on Monday afternoon to hear Mrs. Pauline Dabney give Lillian Hellman's play "Watch on the Rhine." This was a popular Broadway play and the author did a good job in writing and Mrs. Dabney did an equally good job in her review. Mrs. Dabney put her best into the review and that with her irresistible personality gave her audience a most enjoyable, entertaining and instructive afternoon. Did you miss it? You are the poorer if you did.

We are indebted to Mrs. Charles Wenar for the lovely books given the library. Also the folder of Maxwell Barish prints. And here comes another friend, Mrs. Gayle Aiken, with a gift of a Junior book. We do have such good friends.

This is a Art Week at the library and we hope our friends will visit the library. Visitors are always welcome whether they want a book or not.

## CAPITO ACTIVITIES.

SECRETARY OF STATE

ARMISTICE Day, on Tuesday, of last week, was observed throughout the state even more generally than usual. In Jackson the Armistice Day Program, in charge of the American Legion, ended up in the early night by a "Blackout" in the city followed by a rousing parade in which torchlights were carried. The mock blackout brought to the people of Jackson at least a faint idea of what it would be like if real bombs were falling, not a light to be seen and everybody hurrying to some point of protection.

### PENITENTIARY REPORT.

M. P. L. Love, superintendent of the state penitentiary system, made a report to Gov. Johnson on Wednesday of last week showing that cotton and cotton seed from the 1941 crop, which has been sold, and that which is unsold, at present market prices, makes a total of \$445,000. This includes about \$35,000 government payment to the farms. The legislature appropriated for support and fertilizer for 1941 the sum of \$320,000, which taken from the cash

Katharine Hepburn

AMONG THINGS you may not have known until you read it here is that most Hollywood stars become extremely shy and embarrassed when they have to play a role in a picture that is all about Garbo. All the director has to do is to explain what she is required to do and she falls into the mood of the scene perfectly. Garbo, in a picture called "The Sign of the Cross," George Cukor, directing her in her new comedy, says that some of the finest love scenes he's ever watched are those between Garbo and Melvyn Douglas.

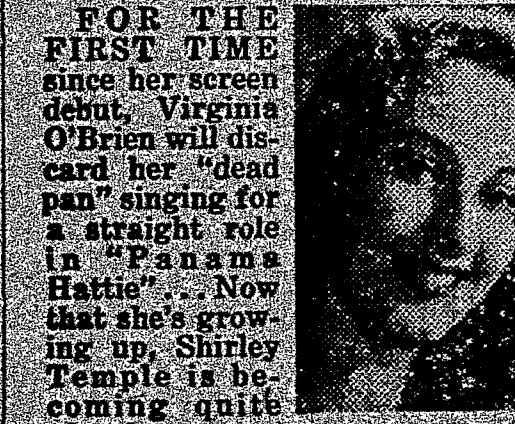

Aida

YOU'VE HEARD that lament, "what happened to me shouldn't happen to a dog." We don't know what its equivalent would be in dog language, but some similar lament has been expressed by Aida, that famous "Thin Man" dog who has had a lean period in his career just like every other star. Now one of the biggest money-earners, Aida was once given away by his owner and trainer, Harry East, because the movie didn't want him. The first "Thin Man" film made Aida, and now he's been a mighty busy canine, with "The Shadow of the Thin Man" his next "starring" vehicle.

Wallace Beery

Bathroom baritone may find some in the news that Wallace Beery, who is certainly no Nelson Eddy, will sing again in "Steel Cavalry." This glowing comedy starring mumbled a few days ago one of his films with Marie Dressler and in "Baracade Bill," he intoned several lines from a hymn but in this new role of a Southern faced, smiling sergeant, he'll actually go to for solo and it will have to do with a lady who "around her neck she wore a yellow ribbon, and when they asked her why she did it she did it for her lover who was far away." Now everyone join in.

"From my father," asserts this provocative comedienne. "He was a comedian, and I followed him. I knew more about acting than any man I ever saw."

come from the cotton crop leaves a net balance for 1941 of about \$325,000 to be placed in the Treasury. An appropriation was made by the legislature for new cages, repairs, and mules, which goes to the capital investment, amounting to \$85,000. In addition to the fine cotton crop the farms produced 110,000 bushels of corn being an ample supply for the farms. Then, too, a large amount of food and feedstuffs were produced, and approximately 40,000 pounds of meats, beef and pork, is being killed each month. The farms are now practically self-sustaining in addition to the handsome cash income from the sale of cotton.

LESS "LIP SERVICE"

Turner Calledge, native of Mississippi, who lately severed a good connection with the New York Times to accept a position with the new paper soon to be launched by Marshall Field in Chicago, spoke in Jackson last Wednesday night, addressing the School Administrators in session in the capital city. Mr. Calledge spoke of matters in general with emphasis on the war situation. He urged a more aggressive and militant leadership in the conduct of the defense program, taking the position that we have now reached the point where there must be more action and "less mere lip service."

The Supreme Court on Monday of last week reversed the verdict in the circuit court in Hinds county of the Fred Sullens case, in which the editor of the Daily News was held guilty of contempt of court and fined \$100 and given a suspended jail sentence of 15 days. The reversal of the case wiped out the fine and the jail sentence and left Major Sullens not guilty of contempt. The proceedings in circuit court grew out of an editorial in the Daily News discussing the action of the court in the trial of certain liquor cases, Judge J. H. Bour held that the editorial article of the paper was in contempt of court and the Supreme Court held that the editorial did not constitute contempt within the meaning of the law.

The Baptists of Mississippi held their annual convention in Meridian last week. Dr. R. B. Gunter of Jackson was named as president, Prof. M. P. L. CAMORS-BOURGEOIS  
WEDDING CLAIMED  
WIDE INTEREST.

The wedding of Ensign Robert Loeliger Camors, U. S. N., of Bay St. Louis, to Miss Lorraine Bourgeois of Jeanerette, La., in the latter city Saturday night, was an event claiming wide interest both in Louisiana and Mississippi.

The ceremony was performed at the home of the bride's grandfather, Mr. Paul Bourgeois, prominent resident of that section of the State.

The Rev. Leo E. Fahey, formerly of Bay St. Louis, now pastor of the church of the Sacred Heart, at Hattiesburg, a personal friend, performed the ceremony, with the Rev. Father Victor Boisvert, pastor of the church at Pearlport, also a friend, present at the ceremony.

The groom had as best man, Mr. Walter J. Gex, and the bride as her maid of honor, Miss Barbara Roane. The bride, attired in the full regulation of bridal robe, with veil of tulle, illusion and orange blossoms.

Matron of honor was Mrs. Richard Roth, sister of the groom, of New Orleans.

Junior bridesmaids were Miss Caynel Gex, of Bay St. Louis and Miss Juliette Delcambre.

Groomsmen were Messrs. Milton Phillips, Jr., Eldredge Bourgeois, Lawrence Bourgeois, Richard Roth, Marion Goodwill, of Minden, La., Paul Bourgeois.

Bridesmaids were Misses Jane Eldridge, Rosemary Chaney, Marion Barnette, Mary Dupuy.

The wedding was largely attended, followed by a reception. Mr. and Mrs. Camors left that night for New Orleans and passed through Bay St. Louis the following day en route to Miami, Fla., where they are spending their honeymoon. Being transferred from the Coast Guard at New Orleans, Ensign and Mrs. Camors will make their home at Key West, Florida.

The number of wedding gifts on display were notable both for beauty and intrinsic value, sterling silver predominating.

Ensign Camors is well known locally, a son of the late Mr. and Mrs. Victor Camors, of Bay St. Louis and New Orleans and locally connected with the Gulf Coast Homestead Association, of which he is president, and a member of Board of Directors, Merchants Bank and Trust Company, Bay St. Louis, in addition to other interests.

Attending the Camors-Bourgeois wedding at Jeanerette, La., Saturday evening from Bay St. Louis, the following-named were of the number: Mr. and Mrs. Roger M. Boh, Mr. and Mrs. Leo G. Ford, Mr. and Mrs. Milton Phillips, Mr. and Mrs. Walter J. Gex, Mr. Emilio Cue, Dr. B. L. Ramsey, Mrs. F. J. Trasteur, Dr. and Mrs. Marion J. Wolfe, the Rev. Father Victor Boisvert, of Pearlport, Dr. and Mrs. Alvah P. Smith.

INTERESTING WEDDING  
TOOK PLACE SUNDAY AT  
OUR LADY OF THE GULF.

The marriage of Miss Elise McCaleb and Richard W. Scatchard, son of Mr. and Mrs. W. Scatchard, of Pascagoula, took place on Sunday afternoon at three o'clock at the rectory of Our Lady of the Gulf Church with the Very Rev. A. J. Grimes, pastor, officiating and assisted by the Rev. Father Victor Boisvert, of Pearlport, Dr. and Mrs. Alvah P. Smith.

A large number of relatives and friends had assembled at the church to await the bridal couple long before the time of the wedding, many coming from New Orleans and along the Coast.

Mrs. Scatchard was pretty in a powder blue wool suit with British hat and accessories and wearing a shoulder corsage of white orchids and carnations, while Miss Heitzmann wore a suit of light grey wool trimmed in brown and with brown hat and accessories. Her corsage was of red carnations.

After the wedding, a reception was held at the home of the bride's parents on Main street where through-out the house, white pompon chrysanthemums and asparagus fern were used for decoration. A beautifully decorated wedding cake was surrounded by white blooms and fern on the dining table from which refreshments were served.

After the ceremony, Mr. and Mrs. Scatchard left by motor for a wedding trip to Florida and will be at home in an apartment in Pascagoula upon their return.

Mrs. Scatchard is a graduate of Bay High School and a popular member of the younger set here, while Mr. Scatchard is originally from the state of Washington and is presently a draftsman in the office of the Ingalls Shipbuilding Company at Pascagoula, hence the wedding claimed interest here and along the Coast where both young people are well known.

GARDEN CLUB  
ENTERTAINED BY  
THREE HOSTESSES.

On last Thursday afternoon, the Bay-Waveland Garden Club met for its November meeting at the home of Mrs. Rhea Beck in Bay View Court with Mrs. Bonck and Mrs. R. N. Blaize and G. F. Stevenson as co-hostesses.

Mrs. Alice C. Buckley, vice-president presided in the absence of Mrs. Seal who was ill.

Mrs. Joseph R. Scharff, the delegate to the regional meeting of the Garden Club Council of Mississippi held in Hattiesburg on October 29th, gave a most interesting and educational report of the highlights of the meeting, telling in part of the excellent talk given by the state horticulturist for Mississippi in which he explained the methods of road beautification used by the state and the new method of rounding the embankments along the roadsides.

Mrs. Scharff also told of the experiences of the horticulturist in the state's attempt at preservation of our trees and of the havoc wrought by the elements, especially lightning.

A special plea being made for conservation of Christmas shrubbery and the careful cutting of holly and yucca.

Miss Wanda Bonck, a teacher of botany at Tulane University, spoke interestingly on grasses and lawns and illustrated her talk with water color and charcoal pictures of the different varieties of grasses and weeds found in this section. Miss Bonck's talk was interspersed with many witty incidents which she experienced in her encounters with farmers and people in the rural sections in Louisiana, and her advice on the matter in which to rid one's lawn of undesirable grasses was excellently received.

Mrs. Scharff told the members that the report of the Bay-Waveland Garden Club read at the meeting was outstanding and unlike any of the reports of the other clubs in its accomplishments.

A number of beautiful fruit displays were on hand and that of Mrs. Max Kohler, a large pumpkin cut out in basket shape with a variety of fruit in it and its rim lined with ripe red cranberries, took first prize receiving a blue ribbon.

All about the living and dining room of the Bonck home were a profusion of cut flowers, Easter lilies, roses, chrysanthemums and marigolds and the hostesses served a variety of sandwiches and hot chocolate.

The next meeting of the Garden Club will be held on Thursday, December 11th, at the home of Mrs. Max N. Kohler on North Beach with Mrs. Kohler and Mrs. Dennis F. Burge, Mrs. Louis F. Maumus and Mrs. A. Knoblock as co-hostesses.

MRS. SHADON AND  
MRS. GILMORE JOINT  
HOSTESSES TO PARTY.

Mrs. Richard Shadon and Mrs. M. A. Gilmore were joint hostesses at one of the largest parties of the season given at Hotel Reed on Tuesday afternoon when they entertained at a dessert bring with six tables.

The sun-parlor of Hotel Reed had been decorated throughout with fall leaves and flowers and the Thanksgiving motif carried out. A large centerpiece made of an attractively arranged basket of fruit also helped carry out the Thanksgiving motif.

Attractive prizes were given the winner at each table and a salad course was served.

Those enjoying this party were: Mrs. Horace L. Kergosien, Mrs. Roger Boh, Mrs. Lucien M. Gex, Mrs. Wallace Catching, Mrs. Sam W. Stowers, Mrs. E. C. Weston, Mrs. Emmett Betzer, Mrs. Louis F. Maumus, Mrs. Walter J. Gex, Mrs. Milton Phillips, Mrs. Ernest N. Spence, Mrs. J. H. Thomson, Mrs. A. B. Vassalli, Mrs. Sara Power, Mrs. Clifton Terrell, Jr., Mrs. Charles Mitchell, Mrs. Fred J. A large blue and white umbrella was arranged before an overstuffed chair with blue and white streamers going to different parts of the room and the gifts were showered upon Miss Bourgeois after her entry into the room. Many lovely gifts of every sort were presented. Miss Bourgeois and a gay time was enjoyed by a large group of relatives and friends of the honoree.

A beautiful cake decorated in blue and white with a miniature bride and groom on it was cut and refreshments of cake and punch were served.
